### PART 3: INITIAL BASELINE DATA FOR EDUCATION REFORM ASSURANCES

#### SPECIAL NOTES:

- In completing this portion of the application, please refer to Appendix B – Instructions for Part 3: Initial Baseline Data for Education Reform Assurances.
- The data described in Appendix B for two of the education reform assurances in Part 2 of the application – the Improving Assessments Assurance and the Improving Standards Assurance – are the most current available baseline data for these areas. Thus, the Department is not inviting States to submit additional information with respect to these two assurances.
- The Governor or his/her authorized representative should confirm whether the initial baseline data sources described in Appendix B for the four assurances referenced below – Achieving Equity in Teacher Distribution; Improving Collection and Use of Data; Improving State Academic Content and Student Achievement Standards; and Supporting Struggling Schools – reflect the State's current status with respect to these assurances. A State that confirms the use of these initial baseline data sources does not have to submit additional baseline data with this application. If a State elects not to use the identified data sources for one or more of these four assurances, it must submit other initial baseline data for that assurance.

The Governor or his/her authorized representative confirms that the data sources that are currently available to the Department and described in Appendix B are a reasonable reflection of the current status of the State with respect to the following education reform assurances that he/she provided in Part 2 of the Application (*check only those assurances for which the State accepts the data described in Appendix B*):

\_\_\_\_\_ Achieving Equity in Teacher Distribution Assurance.

\_\_\_\_\_ Improving Collection and Use of Data Assurance.

\_\_\_\_\_ Improving Standards Assurance.

\_\_\_\_\_ Supporting Struggling Schools Assurance.

## PART 4, SECTION A: MAINTENANCE-OF-EFFORT (MOE) ASSURANCE

### SPECIAL NOTES:

- In completing Part 4 of the application, please refer to Appendix C – Instructions for Part 4: Maintenance of Effort.
- The Governor or his/her authorized representative should check only those MOE requirements that he or she anticipates the State will meet. If the Governor or his/her authorized representative anticipates that the State will be unable to meet one or more of the requirements, he or she must sign the additional waiver assurance in Part 4, Section B.
- For the purpose of determining MOE, State support for public institutions of higher education (IHEs) must not include support for capital projects or for research and development or tuition and fees paid by students.

The Governor or his/her authorized representative assures the following (*check appropriate assurances that apply*):

- ☒ In FY 2009, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.
- ☒ In FY 2010, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.
- ☒ In FY 2011, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.
- ☒ In FY 2009, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.
- ☒ In FY 2010, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.
- ☒ In FY 2011, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.

---OR---

\_\_\_\_\_ To the best of his/her knowledge and based on the best available data, the State will be unable to meet any of the above-referenced maintenance-of-effort requirements.

## PART 4, SECTION B: MAINTENANCE-OF-EFFORT WAIVER ASSURANCE

### SPECIAL NOTES:

- If a State anticipates that it will be unable to comply with one or more of the Stabilization program MOE requirements referenced in Part 4, Section A of the application, the State must provide the assurance below.
- States that anticipate meeting all of the Stabilization program MOE requirements should not complete the waiver assurance in this section of the application. *See Appendix C – Instructions for Part 4: Maintenance of Effort. The criterion for a waiver of the MOE requirements is provided in Appendix C.*
- The Department will be providing additional guidance to States regarding the process for applying for waivers of the Stabilization program MOE requirements.

The Governor or his/her authorized representative assures the following:

To the best of his/her knowledge and based on the best available data, the State meets or will meet the eligibility criterion for a MOE waiver for each of the Stabilization program MOE requirements that the Governor or his/her authorized representative anticipates the State will be unable to meet.

## PART 4, SECTION C: MAINTENANCE-OF-EFFORT BASELINE DATA

### SPECIAL NOTES:

- A State has some flexibility in determining the “levels of State support” for MOE purposes. For example, for the purpose of the elementary and secondary education MOE requirements, a State may use the level of support that the State provides through its primary elementary and secondary funding formulae, or it may use other relevant data. See Appendix C – Instructions for Part 4: Maintenance of Effort.

**1. Levels of State support for elementary and secondary education** *(the amounts may reflect the levels of State support on either an aggregate basis or a per-student basis):*

FY 2006      \$ \_7,345,695,704\_

FY 2009\*      \$ \_8,508,654,788\_

FY 2010\*      \$ \_7,968,948,404\_

FY 2011\*      \$ \_8,388,177,873\_

(\* Provide data to the extent that data are currently available.)

**2. Levels of State support for public institutions of higher education** *(enter amounts for each year):*

- These data may differ from the data in the levels of support for maintenance-of-effort purposes. See instructions in Appendix D.
- The term “postsecondary education” refers to public IHEs.

*PLEASE NOTE – These are final appropriation amounts, less additional withholding of funds (FY 2009 and 2010). These numbers differ from those originally used to develop restoration calculation*

*as a result of changing fiscal conditions. Original appropriations amounts and formula estimates were also used in calculating restoration amounts as budget development occurred during FY 10.*

**Additional Information:** Did the State, prior to October 1, 2008, approve formula increases to support elementary and secondary education in FY 2010 or 2011, or to phase in State equity and adequacy adjustments?\*

Yes X

No

\* See Appendix D Worksheets for further guidance on how such increases affect a State's "use of funds" calculations.

## **2. State's Primary Education Funding Formulae**

**Information on File with the U.S. Department of Education – No Further Action Necessary**

**Additional Submission Requirement:** In an attachment to the application, identify and describe each of the State's primary elementary and secondary education funding formulae that were used in determining the calculations provided above for the levels of State support for elementary and secondary education.

## **3. Data on State Support for Postsecondary Education**

**Information on File with the U.S. Department of Education – No Further Action Necessary**

**Additional Submission Requirement:** In an attachment to the application, identify and describe the specific State data sources that were used in determining the calculations provided above for the levels of State support for public IHEs.

#### 4. Restoration Amounts

Based on the Worksheets included in Appendix D, calculate and provide the amount of Education Stabilization funds that the State will use to restore the levels of State support for elementary, secondary, and postsecondary education in FYs 2009, 2010 and 2011. As explained in the Instructions in Appendix D, a State must determine the amount of funds needed to restore fully the levels of State support for elementary, secondary, and postsecondary education in FY 2009 before determining the amount of funds available to restore the levels of such support in FY 2010.

##### SPECIAL NOTES:

- The calculations for these data must be based on the State's total Education Stabilization Fund allocation as reflected in Appendix A and not on the State's initial Education Stabilization Fund award.
- Although the State must follow the Instructions in Appendix D, in order to determine the amount of funds that LEAs and IHEs will receive under the program (i.e., the "restoration amounts"), the Governor has discretion in determining when to release these funds to LEAs and IHEs.

- (a) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2009 \$ 680,416,795

- (d) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2010 \$ 100,226,711 \*
- (e) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2011 \$ N/A
- (f) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2011 \$ N/A
- (g) Amount of remaining funds, if any, awarded as subgrants to LEAs based on their proportionate shares of funding under Part A of Title I of the ESEA \$ N/A

*\*Please note, these calculations were made based on data that was not available at the time of fund allocation. At the time of final programming of restoration funds, the state budget was still in flux due to changing fiscal conditions.*

## **5. Process for Awarding Funds to Public IHEs**

### **Information on File with the U.S. Department of Education – No Further Action Necessary**

**Additional Submission Requirement:** In an attachment to the application, describe the process that the State will use to determine the amount of funding that individual public IHEs will receive from the funds that the State sets aside to restore the levels of State support for these institutions.

**PART 5, SECTION B: STATE USES OF THE  
GOVERNMENT SERVICES FUND**

**SPECIAL NOTES:**

- Section B of Part 5 requests data on the Government Services Fund (CFDA No. 84.397).
- In this section, provide preliminary estimates of the percentage of the Government Services Fund that the State intends to spend under various broad categories (to the extent such estimates are available). The total percentages in the chart should equal 100 percent.

## **State of Georgia**

### **Plan for Collection of Education Reform Assurances Data**

#### **Assurance (a): Achieving Equity in Teacher Distribution**

##### **Descriptor (a) (1):**

In Georgia under state law (O.C.G.A. Section 20-2-210), all personnel employed by LEAs, including school superintendents, principals and teachers, must have an annual performance evaluation by "appropriately trained evaluators." Each LEA uses the Georgia Teacher Evaluation Program (GTEP) or its locally-approved equivalent to evaluate each teacher. Results from those evaluations, i.e. satisfactory or unsatisfactory ratings, are used by LEAs to determine professional development needs of teachers and future employment, including promotion, retention, and removal. Furthermore, "Teachers who receive an unsatisfactory rating on their performance evaluation are not eligible for advancement on the State's salary schedule." *O.C.G.A. Section 20-2-212(a)*.

Beginning in September 2010, the Governor's Office of Student Achievement, in partnership with the Georgia Department of Education, will collect from each LEA a description of the manner in which results of GTEP are used in decisions regarding teacher development, compensation, promotion, retention, and removal. A survey has been drafted for use toward the end of the school year. Results will be posted to the State's Report Card annually beginning in August 2011.

##### **Indicator (a)(3)**

The evaluation instrument for teachers must include at least seven elements, including "the role of the teacher in meeting the school's student achievement goals, including the academic gains of students assigned to the teacher." *O.C.G.A. Section 20-2-210*.

Beginning in September 2010, the Governor's Office of Student Achievement, in partnership with the Georgia Department of Education, will collect from each LEA a description of the way in which evaluation systems take into consideration the academic gains of students assigned to teachers. A survey has been drafted for use toward the end of the school year. Such information will be posted to the State's Report Card annually beginning August in 2011.

##### **Indicator (a)(4)**

Beginning in September 2010, the Governor's Office of Student Achievement, in partnership with the Georgia Department of Education, will collect from each LEA aggregate data for the number and percentage of teachers rated satisfactory or unsatisfactory by the GTEP or the locally-approved equivalent instrument. A survey has been drafted for use toward the end of the school year. Such information will be posted to the State's Report Card annually beginning in August 2011.

##### **Indicator (a)(5)**

Beginning in September 2010, the Governor's Office of Student Achievement, in partnership with the Georgia Department of Education, will collect from each LEA school-level aggregate data for the number and percentage of teachers rated satisfactory or unsatisfactory by the GTEP or the locally-approved equivalent instrument. A survey has been drafted for use toward the end of the school year. Such information will be posted to the State's Report Card annually beginning in August 2011.

##### **Descriptor (a)(2)**

In Georgia under state law (*O.C.G.A. Section 20-2-210*), all personnel employed by LEAs, including school superintendents, principals and teachers, must have an annual performance evaluation by “appropriately trained evaluators.” The evaluation information is collected by and kept at the LEA and used to determine professional development needs of principals and future employment decisions, including promotion, retention, and removal.

Beginning in September 2010, the Governor’s Office of Student Achievement, in partnership with the Georgia Department of Education, will collect from each LEA a description of the manner in which results of principal evaluations are used in decisions regarding teacher development, compensation, promotion, retention, and removal. A survey has been drafted for use toward the end of the school year. Such information will be posted to the State’s Report Card annually beginning in August 2011.

**Indicator (a)(6)**

Beginning in September 2010, the Governor’s Office of Student Achievement, in partnership with the Georgia Department of Education, will collect from each LEA a description of the way in which principal evaluation systems take into consideration the academic gains of students. Such information will be posted to the State’s Report Card annually beginning in August 2011.

**Indicator (a)(7)**

The State did not collect detailed information about performance evaluations of principals as of the date of the Phase 2 application. Beginning in September 2010, the Governor’s Office of Student Achievement, in partnership with the Georgia Department of Education, will collect from each LEA aggregate data for the number and percentage of principals rated satisfactory or unsatisfactory. Such information will be posted to the State’s Report Card annually beginning in August 2011.

**Assurance (c): Standards and Assessments**

**Indicator (c)(11)**

The Governor’s Office of Student Achievement (GOSA) will meet the ARRA requirements by reporting enrollment in a public IHE in the state within 16 months of receiving a regular high school diploma. To accomplish this GOSA will work with the Georgia Department of Education, the University System of Georgia, the Technical College System of Georgia and the National Student Clearinghouse to create the most accurate and comprehensive matches. The reports will include the student subgroup consistent with section 1111(b)(2)(C)(v)(II) of the ESEA, but FERPA redaction rules will be enforced. Creation of the reports and collection of the data will begin January 2010 with a goal of releasing them by the September 2011 deadline.

This project calls for the State, working with the Gates Foundation, the National Student Clearinghouse, and several other partners, to produce reports including those listed in this indicator. The preliminary reports have been built but are not yet ready for release. They are anticipated in final form in July 2011. This project is being funded by the Bill & Melinda Gates Foundation and the reports created in 2011 will be completed at no cost to the State.

**Indicator (c)(12)**

The University System of Georgia will meet the ARRA requirements by reporting aggregated high school level data on students who have completed one year’s worth of college credit. To accomplish this USG will employ reports similar to the High School Feedback reports on its portal system. The reports will include the student subgroup consistent with section 1111(b)(2)(C)(v)(II) of the ESEA, but FERPA redaction rules will be enforced.

## **Assurance (d): Supporting Struggling Schools**

### **Indicator (d)(4)**

Implementation Plan: The number and identity of all Title I persistently lowest achieving schools that have turned around, restarted, closed or transformed will be posted on the School Improvement website as soon as the final AYP data is released in late summer of each school year (3rd Quarter). The 2009-2010 data will be posted based on the current Georgia school improvement models. The first year for collection on the four new reform models will be in the 2010-2011 school year and will be posted in the 3rd quarter of 2011.

### Responsible Agency:

Georgia Department of Education, Division of School Improvement

### **Indicator (d)(6)**
